

. :)

eldir Resident: Hello again, most others :)

Xeno Octavia: hi all!!

Mickorod Renard: thats a beautiful subject

Wol Euler: hello everyone

Mickorod Renard: Hi Xeno

Eliza Madrigal: Hiya Folks!

Mickorod Renard: Hi Wol

Dao Yheng: Hi all!

Mickorod Renard: Hi Eliza

Dao Yheng: Yes, one of the unexpected side benefits of discussing beauty is getting a lot of interesting links to art and images :)

Avy Runner: men, what you call walking is taking my breath away

Avy Runner: hi everyone

Eliza Madrigal: I will leave a littl early today, BUT my daughter will turn off the computer at 3:15 so I will post the session log :)

Mickorod Renard: Hi Avy

Dao Yheng: Hi Avy -- you always make a good entrance

Wol Euler: :)

Avy Runner: :)

Wol Euler: great av, avy

Eliza Madrigal: Hi Avy :D

Avy Runner: hmmmm

Eliza Madrigal: Dao, I'm on a diff computer today... do you have the ways of knowing link?

Dao Yheng: <http://waysofknowing.kira.org/>

Mickorod Renard: Avy, isnt it risky sitting next to big bad Gilles?

Wol Euler: avy is the only one not at risk :)

Eliza Madrigal: thanks much... you had a wonderful quote

Wol Euler: being made of plastic :)

Avy Runner: I think I'm not tasty to him :)

Mickorod Renard: :)

Eliza Madrigal: hahaha

Avy Runner: only plastic

Eliza Madrigal: from Dao's report:

"“There are various orders of beauty, causing men to make fools of themselves in various styles... but there is one order of beauty which seems made to turn the heads not only of men, but of all intelligent mammals, even of women. It is a beauty like that of kittens, or very small downy ducks making gentle rippling noises with their soft bills, or babies just beginning to toddle and to engage in conscious mischief — a beauty with which you can never be angry, but that you feel ready to crush for inability to comprehend the state of mind into which it throws you.”

George Eliot

Eliza Madrigal: really nice, thanks Dao

Avy Runner: :)

Mickorod Renard: Avy, isnt it riskyyea,,ty  
Mickorod Renard: ignor that,,delayed words  
Avy Runner: :)  
Xeno Octavia: i remember a book on Navaho and Tibetan that said navaho 'Beauty' equive to Tibetan 'Truth'  
Eliza Madrigal: how interesting Xeno  
Wol Euler: John Keats said much the same thing  
Xeno Octavia: was kool book  
Wol Euler: Beauty is truth, truth beauty,—that is all  
Ye know on earth, and all ye need to know.  
Zon Kwan: hm..isnt beauty what is inside us  
Gilles Kuhn: i would like to stay but i have something to settle..... too bad about beauty dont forget plato and the banquet btw :-)  
Eliza Madrigal: :)) Thanks Gilles  
Wol Euler: bye gilles, ravage and slaughter well :)  
Mickorod Renard: bye Gilles  
Dao Yheng: bye gilles!  
Avy Runner: bye gilles  
Xeno Octavia: bye  
Gilles Kuhn: lol yep cry havoc and unleash the dogs of war ! ;-)  
Wol Euler: ;:))  
Eliza Madrigal: so is beauty something visceral?  
Xeno Octavia: not on med shows  
Eliza Madrigal: both those quotes seem to point to 'knowing'  
Eliza Madrigal: :)) X  
Wol Euler: our reaction to it is perhaps  
Mickorod Renard: sometimes ones opinion is directed dependant on how cynical a mood one is in..in my opinion  
Mickorod Renard: yes  
Zon Kwan: beauty is in the eye of the beholder  
Eliza Madrigal: so you miss beauty when closed down or preoccupied....  
Wol Euler: /me nods.  
Xeno Octavia: so is truth then??  
Eliza Madrigal: so there is an open quality....  
Eliza Madrigal: ?  
Zon Kwan: truth, beauty, goodness are all perspectives of the existence  
Zon Kwan: different aspects  
Eliza Madrigal: Avy would you like to say something about your homework report? was nicely written :  
[http://waysofknowing.kira.org/3Reports/Avy\\_Runner/Report\\_79](http://waysofknowing.kira.org/3Reports/Avy_Runner/Report_79)  
Xeno Octavia: existence tho --is all illusun

Avy Runner: well I wonder what beauty exist of  
Avy Runner: what it appeals in us  
Mickorod Renard: there appears to be beauty in ones lives when one is comfortable,,and also beauty when

one needs to look for it,,somewhere in the middle we are a bit lost in daily activities to notice..

Zon Kwan: what we want is beautiful to us

Avy Runner: and besides beauty I found something I named 'interesting'

Eliza Madrigal: ?

Avy Runner: which can give us an awe, but is that necessarily beauty

Mickorod Renard: there is something beautiful in interesting

Zon Kwan: we don't want something cause it's beautiful, but it is beautiful cause we want it

Avy Runner: it is part of what I have been thinking on in our last discussion

Eliza Madrigal: Cal uses the word 'uncanny' which is interesting in this context

Eliza Madrigal: hmmm, nods

Eliza Madrigal: sometimes people want things because they think others will find them beautiful for having it...

Avy Runner: maybe there is an evolutionary description of beauty

Avy Runner: a spiritual one

Avy Runner: an art one

Eliza Madrigal: maybe, nice distinction... but both point to a kind of life evoked

Eliza Madrigal: drawing out, noticing...

Dao Yheng: 'interesting' is maybe what we call those things that call out an adverse reaction, but still see some sense of presence or quality there?

Alfred Kelberry: \*peeks into the window\*

Eliza Madrigal: mmmm, nods... presence

Eliza Madrigal: Hi Alf :)

Avy Runner: adverse reaction yes, sounds right

Alfred Kelberry: :)

Alfred Kelberry: \*waves\*

Mickorod Renard: I was thinking earlier today,, whilst driving to work,, at how we need beauty to find the desire to bring up babies.. otherwise we would be too selfish

Mickorod Renard: Hi alf

Wol Euler: get your corrugated butt in here, boxy

Alfred Kelberry: is it ways of knowing?

Eliza Madrigal: haha, yes Alf

Alfred Kelberry: :)

Avy Runner: hi Alf

Eliza Madrigal: so the evolutionary aspect, Mick.. beauty and love

eldir Resident: alf, how can you look in the window. you are too short

Eliza Madrigal: heheh

Alfred Kelberry: on my tiptoes :)

Avy Runner: :) Edir

eldir Resident: but full of beauty

Eliza Madrigal: :)

Mickorod Renard: I saw dead kangaroo on the roadside and thought of them carrying their babies in the pouch

Avy Runner: wow, he climbed the kiliminjaro in one attempt :)

Alfred Kelberry: cute avy, avy :)

Avy Runner: thanks boxy :)

Eliza Madrigal: Hi Zen

Mickorod Renard: Hi Zen

Zen Arado: Hi all

Avy Runner: hi Zen

Zon Kwan: zen

Eliza Madrigal: babies are born with huge evokative eyes one can stare into forever... does seem to help take care of them....

Alfred Kelberry: poor kangaroo

Dao Yheng: In a sense, all children are born out of a love for beauty

Mickorod Renard: but I questioned,,what would make an animal,,without deep thought,do such wonderful things bringing their young up

Eliza Madrigal: hmmm

Xeno Octavia: an i thought love for s--

Zon Kwan: nature makes me see beautiful those issues i need to do..like make babies

Alfred Kelberry: dao, sometimes it's just lust

Mickorod Renard: there is something inbred in us to feel for beauty

Eliza Madrigal: /me nods...

Eliza Madrigal: Hi Mitsu :)

Zen Arado: isn't it an evolutionarily reinforced behaviour pattern?

Avy Runner: hi mtisu

Zen Arado: Hi Mitsu

Mitsu Ishii: hi. managed to get through the wall before it rezzed

Dao Yheng: yeah, but how do you decide who you're going to lust after?

Mickorod Renard: Hi Mitsu

Mitsu Ishii: I am on a very slow connection here

Zon Kwan: ur subconscious

Zon Kwan: calculates

eldir Resident: Helo Mitsu

Zon Kwan: who is the best mother

Zon Kwan: for ur genes

Avy Runner: looking into babies eyes, sounds like evolutionary beauty yes

Alfred Kelberry: yes... beauty can take many forms...

Zen Arado: we are genetically programmed to behave that way?

Xeno Octavia: how we act is a cultural interp of genetic pattern

Eliza Madrigal: beauty decides... that seems to be what was said by first quotes...

Mickorod Renard: as children,,do we see beauty like we do as adults?

Zon Kwan: something in us decides..then we see it as beautiful

Eliza Madrigal: but what beauty is, is different at various angles and points in life

Mickorod Renard: or does it come at puberty?

Ataraxia Azemus: Good question Mickorod!

Avy Runner: yes

Xeno Octavia: no zen we are setup genetically but act memetically

Eliza Madrigal: Hi Ataraxia

Ataraxia Azemus: Hi everyone :)

Avy Runner: hi Ataraxia

Mickorod Renard: hi Ataraxia

Xeno Octavia: hi Atari kool ta see ya : ))

Alfred Kelberry: mick, it's refined in puberty by social norms

Zen Arado: animals don't use memes do they?

Avy Runner: and jazz

Ataraxia Azemus: Hi Xeno :)

Zen Arado: thought that was human ideas

Eliza Madrigal: what do we know about that really....

Jazzmine Jenkins: hi everyone

Mickorod Renard: :)

Zen Arado: Hi Xeno, Ataraxia

Eliza Madrigal: Hi Jazz

Zen Arado: Hi Jasmine

Mickorod Renard: Hi Jazz

Ataraxia Azemus: I like to hope that our notion of beauty is refined throughout life

Eliza Madrigal: /me nods

Avy Runner: if we as humans can distinguish different kinds of beauty, there must be more than just the genetical one

Zen Arado: refined a good word

Xeno Octavia: oh u mean memetics no --genotype to pheno type to memotype --all we do is memetic

Alfred Kelberry: ata, it sure is

Eliza Madrigal: more complex and accepting and maybe 'interesting'

Zon Kwan: there is the Beauty..and things that express that beauty

Avy Runner: yes

Avy Runner: maybe it is even more in our ability to question

Zen Arado: not too good on biology :(

Ataraxia Azemus: I think I have several notions of beauty, actually, and I switch them around as I need to

Alfred Kelberry: i recall a quote from Sting who once said that he would forbid to make love before 40 :)

Eliza Madrigal: that said, I have to go, but as I mentioned I will be here in av until my dd turns off the computer

(unless SL logs me off- hope not)

Zen Arado: bye Eliza

Dao Yheng: bye Eliza!

Mickorod Renard: bye Eliza

Avy Runner: bye Eliza

Alfred Kelberry: eliza :)

Ataraxia Azemus: Bye Eliza :)

Xeno Octavia: yes Alf but he sed none after 41!  
 Wol Euler: bye eliza, take care  
 Xeno Octavia: bye Eliza

Mickorod Renard: beauty for me seems to generate some sort of chemical change in me  
 Mickorod Renard: some sort of soothing flow  
 Alfred Kelberry: xeno, can you testify for validity of this quote? :)  
 Avy Runner: /me raises his eyebrows, he doesn't have, making love between 40 and 41

Ataraxia Azemus: Is anyone familiar with Schopenhauer's aesthetic bliss?  
 Alfred Kelberry: nope  
 Avy Runner: sorry, no  
 Alfred Kelberry: do tell  
 Mickorod Renard: tell us more?  
 Xeno Octavia: lol Avy --sense of humor a thing of beauty and humanities saving grace  
 Avy Runner: hehehe  
 Zen Arado: sounds interesting Atarazia  
 Xeno Octavia: Atari i rememb it wasnt women  
 Avy Runner: I have some thoughts about humor and beauty, but will leave the floor to Schopenhauer

Ataraxia Azemus: It's been too long for me to get all the jargon right, but the idea is that, because life is imperfect and never meets our expectations, we can only find lasting happiness in works of transcendent beauty, in which we momentarily forget ourselves  
 Mickorod Renard: I can sense that in some way  
 Ataraxia Azemus: Schop wasn't as harsh on women as he gets a rep for...he'd have respected anyone who called him on it :)  
 Zen Arado: not sure that works for me  
 Alfred Kelberry: ah, yes... it's like a sudden minute of happiness  
 Xeno Octavia: like when SL is so kool we forgets FL : ))  
 Alfred Kelberry: i remember those  
 Ataraxia Azemus: Well, he was grumpy. It just came to mind.  
 Avy Runner: getting involved in an 'object' forgetting who is what  
 Zen Arado: he was rather pessimistic I think  
 Ataraxia Azemus: Yes, Avy, Xeno

Ataraxia Azemus: We become beauty, when we see it  
 Avy Runner: no observer, no object of observation, no observing  
 Ataraxia Azemus: Just a smidge  
 Zon Kwan: we project beauty  
 Zen Arado: wonder what kind of transcendent beauty he meant?  
 Xeno Octavia: yes more pesty than misogyny  
 eldir Resident: I nneed to leave now, thank you all  
 Zon Kwan: waves...

Ataraxia Azemus: It could be anything, Zen. Anything that moves us enough to forget ourselves. A work of art, a natural scene...

Mickorod Renard: bye Eldir

Wol Euler: bye eldir, take carte

Wol Euler: \*care

Ataraxia Azemus: Bye Eldir :)

Xeno Octavia: nite Eld

Avy Runner: bye eldir

Dao Yheng: Interesting that "forgetting ourselves" is part of the picture

Mickorod Renard: there is that situation where ones legs even give way

Mickorod Renard: that is true forget oneself

Xeno Octavia: must forget our egoselves to experience real selves

Alfred Kelberry: mick, maybe it's when projection of your mind meets a perfect match in rl?

Xeno Octavia: whispers: ??

Mickorod Renard: for something so lovely as beauty,,in all its forms,,I am suprised the human race isnt addicted to it more

Alfred Kelberry: just for a second

Zen Arado: not many things move me that much

Ataraxia Azemus: Yes. Sometimes we're too caught up in ourselves, and this then wonderful thing just makes us gasp and say, "Wow."

Then we're really looking.

Zen Arado: guess i'm an old grump too

Dao Yheng: *it is amazing the way our whole body responds*

Avy Runner: maybe we are Mick, without knowing, taking it as 'normal'

Alfred Kelberry: \*zaps zen lightly\* :)

Mickorod Renard: mmm

Avy Runner: maybe beauty is attachment

Dao Yheng: *even the way the eyes focus*

Mickorod Renard: its one attachment i am happy with

Xeno Octavia: do we still experience that --when we at point to see ALL IS BEAUTY

Zen Arado: if we want more of the same experience it is

Avy Runner: no, it is attachment once we call it beauty

Alfred Kelberry: "all is beauty" is an utopia

Zen Arado: it might lose the beauty if we attach

Zen Arado: we kill it

Avy Runner: yes Zen

Xeno Octavia: no it is understanding!!

Ataraxia Azemus: Can beauty make our lives more fulfilling, even when they aren't beautiful?

Mickorod Renard: there does seem a way to see beauty even in the most bad situations

Ataraxia Azemus: Brain jinx :)

Zen Arado: if we can learn to see beauty in more things around us is better

Zen Arado: yes Mick

Wol Euler: /me excuses herself quietly and slips away. Goodnight all, be beautiful.

Zen Arado: nite Wol

Xeno Octavia: attachment is to particular instance of 'beauty' but BEAUTY is actually detachmewnt

Ataraxia Azemus: Goodnight Wol :)

Mickorod Renard: I try nd do this at work,,for others in stress

Xeno Octavia: nite Wol

Mickorod Renard: bye Wol

Ataraxia Azemus: Yes, I'm with Xeno on that

Dao Yheng: How so, Mickorod?

Avy Runner: hmmm, would like to have a closer look on that Xeno

Xeno Octavia: : )

Ataraxia Azemus: But beauty is maybe involvement

Zen Arado: aGREE WE MUST FIND INVOLVEMENT

Zen Arado: sorry caps

Mickorod Renard: I ty and turn things around,,at bad times,,and find the beauty in the situation,,it helps lots

Xeno Octavia: beauty diff than BEAUTY [DHARMA}

Alfred Kelberry: zen, how do you see beauty in more things?

Zen Arado: so beauty is a mindset?

Xeno Octavia: tru involve deeply only possib with detachment

Zen Arado: looking at them more closely is one way Boxy

Avy Runner: I think so

Zen Arado: looking for the beauty

Avy Runner: but if we are involved, we no longer would call it beauty

Xeno Octavia: avoid or attachg screws it up [to b vernacular ] : )

Zen Arado: getting under our preconceptions

Mickorod Renard: perhaps this is a way of knowing,,all bad things can also have beauty

Alfred Kelberry: what's beauty for you?

Avy Runner: and looking for the beauty in bad situations is beauty used in another context

Dao Yheng: I suppose I feel shy about beauty in those troubled situations, Mick, afraid I'm going to trivialize it

Avy Runner: I agree with that too

Alfred Kelberry: what does pop in your mind when you hear "beauty"?

Zen Arado: as Cal said last week even an oil spill can have a type of beauty

Xeno Octavia: every thing has its own beauty/Beauty ask flies about sh--

Ataraxia Azemus: I understand that, Dao

Mickorod Renard: :)

Mickorod Renard: I will go with the flow

Zen Arado: for who Boxy?

Ataraxia Azemus: "Beauty" is more or less synonymous with "meaningful" for me

Dao Yheng: But at the same time, I'm intrigued -- will try it again sometime, and if doesn't work, I'll tell 'em Mick told me to do it!

Avy Runner: I think looking for beauty does not mean trivializing the situation

Alfred Kelberry: zen, you and others

Zen Arado: it means looking deeper

Avy Runner: looking for beauty can keep you away from putting a tag on it and barrying it

Zen Arado: I like colours

Ataraxia Azemus: Even scary, sad things can be beautiful if there's some meaningful quality there; sometimes especially sad things

Zen Arado: colours of flowers and shrubs

Alfred Kelberry: zen, give us an image :)

Avy Runner: looking for beauty means, it shows ways to be able to deal with the troubled situation

Alfred Kelberry: first thing that comes to you

Mickorod Renard: is not karma beauty in progress?

Zen Arado: like red azaleas with sunlit hitting them in spring

Avy Runner: not necesarilly

Alfred Kelberry: zen, nice :)

Ataraxia Azemus: If your karma leads you through something beautiful

Ataraxia Azemus: Yeah, that's not circular at ALL! :)

Xeno Octavia: hi Cal

Avy Runner: hi Cal

Alfred Kelberry: i think sharing images gives us that deeper meaning that we look for :)

Ataraxia Azemus: Hi Calvin

Calvin Rabeni: hello everyone

Mickorod Renard: Hi Cal

Alfred Kelberry: hi, cal

Avy Runner: I'm wondering if we have wondered off from beauty :)

Mickorod Renard: perhaps

Avy Runner: \*wandered

Zen Arado: Hi Cal :)

Ataraxia Azemus: Detours often lead you to beauty...the scenic route :)

Mickorod Renard: I think its a broad subjeect

Xeno Octavia: whispers: Cal can give a definitive definition ??

Avy Runner: we get in the things that are connected to beauty

Alfred Kelberry: ata, yes, break out of a habit to a new perspective

Zen Arado: it is indefinable I think

Calvin Rabeni: /me prefers poetically suggestive definitions to definitive definitions

Avy Runner: if we would have the time, maybe yes

Alfred Kelberry: mick, what's your picture of beauty?

Zen Arado: means so many things to different people

Ataraxia Azemus: I think surprise may be an aspect of beauty, as well as deep recognition

Ataraxia Azemus: Definitely :)

Xeno Octavia: i likes ambi guity too!!

Alfred Kelberry: zen, then maybe we can define emotions that beauty inflect on us?

Dao Yheng: hmm, nice Ataraxia

Zen Arado: as is the old and familiar with the patina of age

Mickorod Renard: Alf, I have said too much already

Alfred Kelberry: mick, ok :)

Calvino Rabeni: <me> <heart> <ambiguity>

Zen Arado: think that's even harder boxy

Alfred Kelberry: i just like seeing pictures :)

Xeno Octavia: : ) Cal

Zen Arado: different people react so differently

Zen Arado: to the same object

Avy Runner: I have one boxy, my contribution last week

Alfred Kelberry: avy?

Avy Runner: adn we had a lot of pictures last week

Dao Yheng: Mickorod, it's always a pleasure to listen to you!

Alfred Kelberry: i missed those :)

Mickorod Renard: :) ty

Mickorod Renard: I like the idea of being in space and seeing the earth blue

Mickorod Renard: but as we know,,all on earth is not so perfect

Xeno Octavia: yes better blue than blown

Calvino Rabeni: I missed the start ... Eliza was there any carover from the PaB session topic on appreciating appearance?

Alfred Kelberry: mick, pale blue dot :)

Mickorod Renard: he he

Dao Yheng: Cal, Eliza is afk at the moment

Calvino Rabeni: Ok,...

Dao Yheng: but it sounds interesting -- do you have something in mind about the appreciating appearance angle?

Zen Arado: yes I missed that

Calvino Rabeni: Yes, Beauty as the experiential event of appreciating the appearance of Being ...

Alfred Kelberry: mick, i like the idea of visiting voyager and keep him company now and then. he's so lonely out there...

Calvino Rabeni: In other words it distinguishes beauty as experience, from beauty as an externally imposed image schema

Xeno Octavia: so all is beauty since all is Being

Mickorod Renard: :)

Calvino Rabeni: I think potentially it \*could\* be

Ataraxia Azemus: There's a science fiction story about that that I love, Alfred :)

Alfred Kelberry: ata, really? what story?

Calvino Rabeni: like the story of mohammed and the stray dog

Avy Runner: /me feels some naussia by the words 'appreciating the appearance of being'

Calvino Rabeni: Avy :)

Alfred Kelberry: avy :)

Calvino Rabeni: I know what you mean

Calvino Rabeni: It's not a good move

Zen Arado: feel it too Avy

Mickorod Renard: there ust b layer of observation,,and beuaty is resident on certain ones

Xeno Octavia: how bout Being the appreciation of appearance

Zen Arado: is beauty inherent to something or do we attach it on as a property?

Mickorod Renard: scuse my spelling

Ataraxia Azemus: I'm not sure of the title, but it's in Yukinobu Hoshino's 2001 Nights series....an early AI space probe is visited by one of the astronauts who helped build him some 50 years later.

Calvino Rabeni: I like the angle of stepping right into the immediate act of appearing

Alfred Kelberry: ata,oh! sounds exciting :)

Dao Yheng: ooh, story time?

Ataraxia Azemus: It's bittersweet and, well, beautiful :)

Alfred Kelberry: like schweppes

Mickorod Renard: had it felt as if it had been abandoned?

Zen Arado: I remember trying to make eggs look beautiful in a painting

Avy Runner: :) Zen

Calvino Rabeni: what is the trick, Zen?

Zen Arado: no really

Xeno Octavia: try Dragon eggs

Zen Arado: <http://www.flickr.com/photos/jjhtaylor/2413554868/>

Ataraxia Azemus: She had, Mick; he'd just continued on his voyage, reminiscing about their past together.

Zen Arado: tried to add colours

Calvino Rabeni: very nice, Zen :) thanks

Alfred Kelberry: oh, i thought of fried eggs for some reason :)

Mickorod Renard: its funny how we an have feelings for things that are artificial

Zen Arado: there is more colour in everyday objects than we often realize until we look closely

Dao Yheng: difficult to paint light -- well done!

Avy Runner: nice eggs :)

Calvino Rabeni: the looking reveals the colors

Avy Runner: that's your stomich talking boxy :)

Zen Arado: the utilitarian version of eggs boxy :)

Calvino Rabeni: yes, a beautiful painting

Dao Yheng: Er, hmm -- topic for next week?

Alfred Kelberry: zen gogh! <http://www.flickr.com/photos/jjhtayl...n/photostream/>

Mickorod Renard: my laptop is slow

Zen Arado: well you see how I love colour anyway

Zen Arado: just my taste

Zen Arado: I have a suggestion

Avy Runner: yes, topic for next week

Zen Arado: if no one else has

Alfred Kelberry: painting is hard

Dao Yheng: Have we ever tried this one that Eliza posted? <http://waysofknowing.kira.org/>

Homework\_Ideas/Basic\_Goodness

Xeno Octavia: i tend ta elementary badness

Dao Yheng: hee hee!

Ataraxia Azemus: I like this topic

Mickorod Renard: wow,,nice Zen

Dao Yheng: maybe choose teams and we'll have tug of war next time!

Avy Runner: war??

Zen Arado: thought we did that one Dao? I remember the bright pearl

Zen Arado: but ok with me

Dao Yheng: also mentions Mickorod's (blue) dot

Avy Runner: /me feels getting pale around the nose

Xeno Octavia: by the way folks just got thgis message:

Xeno Octavia: You are invited to attend Buddhist readings by Mojo Manamiko at 4 PM SLT in the main temple of the Buddha Center - in voice

Ataraxia Azemus: Thanks, Xeno :)

Zen Arado: too late for me

Zen Arado: thanks anyway

Mickorod Renard: ty Xeno

Dao Yheng: thanks Xeno!

Xeno Octavia: oh and : <http://slurl.com/secondlife/Buddhism/137/130/21>

Zen Arado: I need my beauty sleep :)

Alfred Kelberry: \*finds a cosy spot next to eliza\*

Avy Runner: I need sleep period :)

Mickorod Renard: is Gaya ok?

Ataraxia Azemus: Sleep? I've heard of that.

Alfred Kelberry: gaya? what's wrong?

Dao Yheng: Yes, good question!

Mickorod Renard: wondered where she is

Alfred Kelberry: i've seen her a few days ago

Alfred Kelberry: she was fine

Zen Arado: she was o last night

Zen Arado: ok

Mickorod Renard: ok,,ty

Zen Arado: might be busy getting ready for retreat next week

Alfred Kelberry: made me a bit worry for our cute bunny gaya :)

Dao Yheng: she's excused for tonight then :)

Avy Runner: so..... how are we going to do this 'war'?

Alfred Kelberry: what war?

Calvino Rabeni: Bye all :)

Dao Yheng: OK, Let's do basic goodness (since some of us don't remember it :) and we'll think of something really new next time!

Mickorod Renard: bye Cal

Zen Arado: sure

Ataraxia Azemus: Bye Calvin :)  
 Zen Arado: bye Cal  
 Avy Runner: Dao Yheng: maybe choose teams and we'll have tug of war next time!  
 Avy Runner: bye Cal  
 Zen Arado: searches for his basic goodness.....  
 Zen Arado: hard to find....  
 Dao Yheng: right -- or elementary badness!  
 Avy Runner: my goodness !!  
 Dao Yheng: Nice sitting with you all -- have a good evening!  
 Zen Arado: different from Christianity where we are all rotten sinners  
 Ataraxia Azemus: Goodnight Dao :)  
 Zen Arado: bye Dao  
 Avy Runner: bye Dao  
 Mickorod Renard: bye Dao, take care  
 Mickorod Renard: I must sneak out too..thanks for the evening  
 Xeno Octavia: yes my badness not basic just worldly dispaly : ))
