

Dao Yheng: a real teaching dream

Mickorod Renard: well,,it was more to do with my sub concious,,rather than my practice

Dao Yheng: do you think?

Dao Yheng: how so?

Mickorod Renard: i am more christian

Mickorod Renard: Hi Eliza

Eliza Madrigal: /me laughs that it is always so tricky just trying to come in and sit...hehe

Dao Yheng: hi eliza! like your bunny shoes :)

Aphrodite Macbain: Hello again

Dao Yheng: Hi Aphro and sunshine :)

Mickorod Renard: lovely dress Eliza

Sunshine Vayandar: hi there again ;)

Sunshine Vayandar: hi Dao ;)

Eliza Madrigal: :)) Thank you dao! ooOoo gave them to me for the year of the rabbit :)

Gaya Ethaniel: Hello everyone :)

Ataraxia Azemus: Yes, Eliza!

Eliza Madrigal: Nice to see everyone!

Sunshine Vayandar: yes Eliza finally see you ;) prettyyyy

Mickorod Renard: Hi gaya,,hi sunshine

Mickorod Renard: Hi aphro

Ataraxia Azemus: I've apparently gotten stuck in the window, somehow...

Sunshine Vayandar: hi Mick ;)

Eliza Madrigal: Oh you couldn't see me before Sun? :)

Mickorod Renard: Atar :)

Mickorod Renard: ayup zen

Dao Yheng: Hi Atar and Zen :)

Zen Arado: Hi All

Xeno Octavia: hi folkes

Sunshine Vayandar: hi all ;)

Mickorod Renard: hi xeno

Dao Yheng: Xeno :)

Eliza Madrigal: Hi Xeno

Aphrodite Macbain: whew.

Eliza Madrigal: exhausting trying to sit sometimes eh? ha

Zen Arado: hi Xeno

Dao Yheng: <http://waysofknowing.kira.org/>

Xeno Octavia: hi Ari bak there :)

Aphrodite Macbain: /me smiles at Eliza

Mickorod Renard: souts,,hi Ariiii

Arisia Vita: Hi all, good to see you

Sunshine Vayandar: hi Ari ;)

Eliza Madrigal: Quite a topic you guys chose last week

Gaya Ethaniel: I want to tell you also about our new forum - <http://waysofknowing.kira.org/forum/index.php>

Eliza Madrigal: !

Eliza Madrigal: thanks Gaya

Gaya Ethaniel: Please let me know if you want to use it so that I can create accounts for you.

Eliza Madrigal: the forum is for ongoing discussions along the week?

Zen Arado: thanks Gaya

Zen Arado: looks good

Gaya Ethaniel: Anything really ... we will have to organise as we go along into sections :)

Eliza Madrigal: :)

Gaya Ethaniel: I will create accounts for those who are on wiki anyway.

Zen Arado: ok good

Gaya Ethaniel: Please thank Calvinio if you see him around because he helped me setting it up, done all the work.

Sunshine Vayandar: Can u create one for me?

Gaya Ethaniel: Please IM your email address to me Sun.

Zen Arado: thanks Cal

Xeno Octavia: i think i have account --not sure how get there --passw ord i guess

Sunshine Vayandar: ok ;) ty

Eliza Madrigal: Dao really loved your report, not that that's unusual :), would you like to say more?

Dao Yheng: ha -- how did you know I'm still trying to finish it :) ?

Eliza Madrigal: /me laughs

Dao Yheng: enlightenment as a topic was really pulling me in two directions this week

Dao Yheng: some sweet, some sour :)

Eliza Madrigal: hmm

Zen Arado: seung sahn aid that looking for enlightenment is a big mistake

Dao Yheng: yes, exactly!

Eliza Madrigal: where does one look?

Xeno Octavia: who's looking if ego yes cant find

Gaya Ethaniel: sweet and sour :)

Zen Arado: so maybe we should abandon thinking about it?

Xeno Octavia: i 'learned ' 'enlightenment' is not giving a sh--!

Zen Arado: some forms of Buddhism sem to advise working for it?

Zen Arado: Theravadin?

Xeno Octavia: my basic practice is carelessness , fearlessness and hopelessness

Mickorod Renard: I would prefer to think of it more as our path in life,,and how we take lessons from it

Zen Arado: about enlightenment Xeno?

Xeno Octavia: what about zen??

Zen Arado: a path suggests somewhere to get to thoigh

Eliza Madrigal: Christianity's equivalent seems to be 'work out your salvation with fear and trembling'...

Eliza Madrigal: and yet the work is to rest in what is already accomplished

Xeno Octavia: throw poath away just be!!

Zen Arado: Zen says there is nothing to attain I think

Eliza Madrigal: 'labor to enter into rest'

Mickorod Renard: well,,thats the point,,maybe,,with some work finally one reaches enlightenment

Aphrodite Macbain: The practice involves discipline however, not simply "doing nothing"

Sunshine Vayandar: pathless path hmm

Zen Arado: we wrok hard to realize there is nowhere to get to?

Eliza Madrigal: I like what you're saying though Xeno... in a way... 'give up' but in that there is \*something\* one is giving up?

Aphrodite Macbain: /me smiles at Zen

Xeno Octavia: not finally reaches --finally or just clears the sh-- away already haves it!!

Zen Arado: my teacher told me something along those lines

Aphrodite Macbain: one gives up one's ego, no?

Mickorod Renard: the path is where we are,,but we do go places

Eliza Madrigal: well ego can't give itself up?

Aphrodite Macbain: we are more than our ego though

Xeno Octavia: yes aph --why ego cant be enlightened is absense of ego

Dao Yheng: listening that leads to letting go?

Zen Arado: yes Xeno

Dao Yheng: at the same time, ego isn't exactly an exception to the buddha field either

Eliza Madrigal: /me nods

Mickorod Renard: enjoying what we have along the path without longing for some other place along the path,,is like giving up some ego

Zen Arado: if the ego tries to manage its own extinction it won't do a good job

Gaya Ethaniel: :)

Eliza Madrigal: like training one's replacement... maybe don't give \*all\* the secrets...

Xeno Octavia: ego is game we play role play --but if think we it then we caught up --attached

Aphrodite Macbain: perhaps the super ego has to do it, Someone has to!

Eliza Madrigal: hehe

Zen Arado: like a thief pretending to be a poicdeman as Marshi says

Xeno Octavia: suoupr ego freud i fraud

Zen Arado: agree with Mick

Zen Arado: pauses and reads

Dao Yheng: yes -- that longing turns everything into a doppelganger

Eliza Madrigal: we often talk i terms of letting go \*of\* but not too much about letting go \*to\*

Gaya Ethaniel: /me looks up 'doppelganger'

Eliza Madrigal: :))

Zen Arado: and tells us what it means Gaya?

Xeno Octavia: u mean like refufe from rathern refuge in

Eliza Madrigal: proliferating

Gaya Ethaniel: ooo

Mickorod Renard: living without exess bagage helps one to enjoy the moments

Eliza Madrigal: projections

Xeno Octavia: gang of two

Dao Yheng: boo!

Gaya Ethaniel: <http://en.wikipedia.org/wiki/Doppelg%C3%A4nger>

Ataraxia Azemus: /me wonders if Gaya's doppelganger is looking up "Gaya" right now...

Eliza Madrigal: heheheh

Zen Arado: :)

Gaya Ethaniel: :)

Aphrodite Macbain: Gaya's double

Eliza Madrigal: !!

Eliza Madrigal: (those took a while to show up)

Aphrodite Macbain: made her do it!

Xeno Octavia: hi Atari : ))

Zen Arado: Hi Atari

Mickorod Renard: Hi Atar

Ataraxia Azemus: Hi everyone :)

Gaya Ethaniel: Hello Ataraxia :)

Sunshine Vayandar: hi Ataraxia ;)

Eliza Madrigal: when writing my report I just felt that the word is misleading

Zen Arado: maybe some of us are enlightened and don't know it?

Mickorod Renard: I can only talk from my experience,,rather than practice ,,i have found now that I have missed so much of my life by wanting and longing and putting value into things that dont bring happiness

Eliza Madrigal: that light to most of us still implies a kind of heaven to seek

Eliza Madrigal: which separates us from what is, divides everything

Eliza Madrigal: /me nods @ Mick... similar point really....

Eliza Madrigal: wanting and longing for something 'outer' or an 'event' that will fix everything (us)

Ataraxia Azemus: We can still pursue an ideal happiness, but the best (well, only) place to start is with what we already have

Mickorod Renard: dont get me wrong,,I have been very fortunate,,but still,,I am learning

Zen Arado: "I explain to you matters

Pertaining to enlightenment,

But don't try to keep

Your mind on them.

Just turn to the ocean

Of your own essence

And develop practical accord with its nature."

Zen Arado: I like that quote from Eliza's report

Eliza Madrigal: :)

Mickorod Renard: very nice ty

Sunshine Vayandar: ?

Dao Yheng: yes, somehow it reminds me of Eliza :)

Eliza Madrigal: /me smiles

Zen Arado: 'the ocean of your own essence' beautiful

Gaya Ethaniel: :)

Aphrodite Macbain: Beautiful Eliza

Eliza Madrigal: I've posted it before... one of my favoritists...heh

Dao Yheng: :))

Aphrodite Macbain: I imagine a changing, moving, rolling presence

Zen Arado: is our essence beautiful?

Aphrodite Macbain: Perhaps. it just IS

Zen Arado: our Buddha nature

Eliza Madrigal: :)))

Aphrodite Macbain: like the weather

Zen Arado: yes why do I qualify it?

Eliza Madrigal: too close

Mickorod Renard: its funny,,it reminds me of where I am now,,by becoming less selfish i have bacome more at home in my ocean,,which implies selfish

Aphrodite Macbain: deserve it Zen?

Dao Yheng: but it isn't, right Mick?

Dao Yheng: somehow the ocean of your own essence turns out to be everything

Eliza Madrigal: mmmm

Zen Arado: we don't deserve anything do we?

Mickorod Renard: I dont think it is Dao,,but one becomes seperate in a way from others around

Zen Arado: we just go with what is

Aphrodite Macbain: part of everything like the wave in the ocean

Xeno Octavia: if bodhicitta is esential to all of us then qualify for is meaningless

Zen Arado: yes and comparing and judging everything

Aphrodite Macbain: who knows/decides what we deserve

Aphrodite Macbain: it is a culturally created concept

Zen Arado: don't think there is anybody Aph

Aphrodite Macbain: except, perhaps, us

Zen Arado: except the laws of the land

Aphrodite Macbain: whose land?

Zen Arado: or ourselves yes

Aphrodite Macbain: whose laws?

Aphrodite Macbain: and they change all the time

Mickorod Renard: our choices in life have a way of deciding outcomes,,either bodily or mentally

Zen Arado: but that is only our formulation - what should be

Aphrodite Macbain: right Zen

Ataraxia Azemus: Zen, that reminds me of the first lines in a movie (Mr. Nobody), where the narrator talks about how we think we deserve things, good or bad, because we see the world in relation to ourselves, instead of ourselves as a part of the world

Zen Arado: or we think should be

Eliza Madrigal: mmmm Ataraxia

Aphrodite Macbain: yes, we hold ourselves separate

Zen Arado: yes Atar

Aphrodite Macbain: rather than connected

Eliza Madrigal: There is a quote... has to do with trying to remove obstacles from one's life until realizing that those obstacles are one's life :)

Zen Arado: we have to separate ourselves to get a viewpoint

Zen Arado: yes Eliza

Aphrodite Macbain: cannot we see from within than from without?

Ataraxia Azemus: I can relate to that, Eliza :)

Eliza Madrigal: :)

Mickorod Renard: nice Eliza,,some obstacles can be reviewed and seen as interesting challenges

Aphrodite Macbain: I agree, they become par of our experience, part of the ocean

Zen Arado: we need them to become enlightened?

Xeno Octavia: yes Eliza we needs rid self of life ego life as attachment anyways : 00

Eliza Madrigal: the big E can't be a goal in itself... like "bodhicitta" isn't a "goal"

Zen Arado: they help us see what's important

Zen Arado: so what is it to be enlightened?

Ataraxia Azemus: Or maybe we need them once enlightened. Little troubles that make up so much of our lives become the proverbial wood to chop and water to carry

Eliza Madrigal: Hi cute little Wol :))

Zen Arado: we think it is some blissful state maybe

Gaya Ethaniel: :)

Dao Yheng: Hi small wol!

Zen Arado: Hi Wol

Eliza Madrigal: :))

Xeno Octavia: yes Bodhicitta not a goal if we already have it as a seed of Bodhisattva

Wol Euler: /me waves miniaturely

Mickorod Renard: Hi Wol

Eliza Madrigal: your tail is the same size as you :D

Xeno Octavia: hi Wol

Ataraxia Azemus: Hi Wol

Aphrodite Macbain: Free from desire

Sunshine Vayandar: is it when we don't separate ourselves from everything that is outside of us?

Eliza Madrigal: mmmm

Aphrodite Macbain: free from attachments and compassionae with the world

Zen Arado: who wantsto be freew from desire?

Eliza Madrigal: yes not threatened by everything including our own shadows...

Aphrodite Macbain: I do Zen

Zen Arado: we would be cold and emotionless then?

Eliza Madrigal: I don't think it is free \*from\* desire.. but desire \*and\* free... something like that

Aphrodite Macbain: no, just not needy

Eliza Madrigal: beyond, implies something

Xeno Octavia: maybe freely desirous better

Mickorod Renard: I had a funny thought thismorning,,semi christian perhaps,,but I wondered if we had two spirits,,one the greedy bobily one,,and the other more spiritual and God given..one is in conflict with the other,,and we need to let go of the bodily one and enjoy the other

Zen Arado: being able to live with desires and not get swept away with them maybe?

Ataraxia Azemus: Maybe enlightenment is reaching a harmony between intent and action

Aphrodite Macbain: needing is depending

Mickorod Renard: that was greedy bodily\*

Zen Arado: that's very Christian Mick I think

Calvino Rabeni: that sounds true atar

Eliza Madrigal: /me considers... Mick, yes @ Zen

Sunshine Vayandar: to be on a constant high but in a calm way?

Xeno Octavia: Dharm a--not anti-body

Eliza Madrigal: equalness

Aphrodite Macbain: I kinda liked bobily

Aphrodite Macbain: liked

Mickorod Renard: :)

Wol Euler: /me bobils

Eliza Madrigal: hehe

Ataraxia Azemus: That reminds me of Blake, Mick...but I think I Blake liked embracing both spirits

Mickorod Renard: he he

Dao Yheng: :))

Ataraxia Azemus: -I

Zen Arado: the body seen as evil fighting a purer spirit?

Aphrodite Macbain: the lion and the lamb

Eliza Madrigal: yes 'absent from the body/present with the lord' still sets up duality?

Mickorod Renard: yeh,,I am all for a bit of self abuse too,,good ol blake

Aphrodite Macbain: Did he who made the lamb make thee?

Wol Euler: /me giggles.

Zen Arado: :)

Dao Yheng: when my sense perceptions are functioning smoothly, I find a lot of delight in that -- bliss, really

Ataraxia Azemus: "Man has no Body distinct from his Soul; for that called Body is a portion of Soul discerned by the five Senses, the chief inlets of Soul in this age."

Ataraxia Azemus: hehe

Aphrodite Macbain: Do we have a soul? where is it located?

Calvino Rabeni: The body is part of the soul.. also expressed by John O'Donohue

Mickorod Renard: thats too deep for me atar

Eliza Madrigal: mmm, nods @ Dao...

Eliza Madrigal: "This very land, this very body"

Xeno Octavia: very tru Atari

Eliza Madrigal: one sec (brb)

Eliza Madrigal: wow we stunned ourselves into silence

Wol Euler: /me smiles.

Gaya Ethaniel: :)

Aphrodite Macbain: Must go and tend to RL and find my soul

Ataraxia Azemus: Silent contemplation? :)

Ataraxia Azemus: Take care, Aphrodite!

Eliza Madrigal: :) Bye Aph

Gaya Ethaniel: Bye Aphrodite :)

Wol Euler: bye aph, take care

Sunshine Vayandar: byebye Aphrodite ;)

Aphrodite Macbain: Bye

Aphrodite Macbain: Bye! all

Dao Yheng: bye!

Mickorod Renard: as for the ego,,and enlightenment,,I ..my new self,,have a hunger for new insights and a more loving me,,I do get anxious I may not live long enough to learn everything

Dao Yheng: I'm still thinking about Mick's comment -- something in that :)

Zen Arado: bye Aph

Mickorod Renard: bye Aphro

Gaya Ethaniel: Yes me too ... just thinking about various comments so far and reports ...

Mickorod Renard: ayup cal,,btw,,thanks for doing the web stuff

Zen Arado: Hi Cal :)

Gaya Ethaniel: Yes thanks for setting up the forum Cal :)

Calvino Rabeni: YW ...

Dao Yheng: Oh yes, I wonder if I am reading fast enough too!

Xeno Octavia: lol Mick u have many lifetimes : ))

Calvino Rabeni: Is the forum going into use?

Mickorod Renard: too many

Sunshine Vayandar: I am thinking - it is easier to talk about something once we have experienced it ;)

Mickorod Renard: all ready

Calvino Rabeni: /me smiles at Sun

Gaya Ethaniel: Yes I will set up accounts as soon as possible. Hopefully people will start using it.

Zen Arado: or maybe not Sun

Sunshine Vayandar: I think Osho said - it's better to taste the honey - than trying to explain how it tastes  
hm

Zen Arado: maybe it is indescribable

Dao Yheng: :)

Sunshine Vayandar: may be not ;)

Eliza Madrigal: :)

Calvino Rabeni: go for the taste, skip the infomercial

Ataraxia Azemus: I think we all worry about that, don't we? Once we're aware of our mortality, nothing seems long enough to finish, to have a sense of completeness...we'll always have unfinished business

Sunshine Vayandar: just my experience from life in general ;)

Mickorod Renard: thats a nice one sunshine..is that like koans?

Gaya Ethaniel: I think there is a sense of freedom to allow work-in-progress mindset.

Dao Yheng: Ata, quite so -- makes the time we have even sweeter, in a way

Xeno Octavia: then one need become aware of one's immortality as Being only ego is mortal as is body

Sunshine Vayandar: hmm it's very interesting to hear you talk about enlightenment - even if we are not there yet - probably ;) or not ;)

Zen Arado: just resting in whatever

Mickorod Renard: loving life is a life long job,,but I spent too long not loving it

Eliza Madrigal: :)

Zen Arado: me too Mick

Eliza Madrigal: well aside from you and me Sun , giggles

Gaya Ethaniel: Well ... we are still alive ...

Mickorod Renard: yeaaaa

Sunshine Vayandar: /me agrees ;D

Gaya Ethaniel: :)

Wol Euler: /me nods to Mick

Eliza Madrigal: (Sun and I celebrated enlightenment one day... back story not being really ill mannered)

Eliza Madrigal: hehe

Sunshine Vayandar: ;p

Xeno Octavia: i tend not get caught in word 'enlightenment' prefer simple Awareness

Mickorod Renard: :))

Zen Arado: what does it mean then in the koans when a monk sees some truth and is enlightened?

Ataraxia Azemus: lol

Gaya Ethaniel: "All we have to decide is what to do with the time that is given us." - Gandalf

Eliza Madrigal: Awareness, yes

Ataraxia Azemus: I like awareness better, too

Sunshine Vayandar: yes it feels better

Zen Arado: awareness doesn't seem enough though?

Xeno Octavia: if sees not really lightened ---ned deeper than understand

Eliza Madrigal: even then though can centralize on ourselves like 'we' are aware, rather than 'just' awareness

Mickorod Renard: yea,,me too,,enlightenment is something that we may not even know we have

Calvino Rabeni: But awareness sounds ephemeral .. one could then forget about the structural changes needed

Zen Arado: I see hints of something deeper

Gaya Ethaniel: Gilles said something yesterday about this ... that an enlightened person wouldn't know s/he is so.

Eliza Madrigal: hm... so homework for next week?

Calvino Rabeni: OF course awareness is structural too

Xeno Octavia: not ego awareness --Awareness of ones own Authenticity!!

Zen Arado: "When buddhas are truly buddhas they do not necessarily notice that they are buddhas.

However, they are actualized buddhas, who go on actualizing buddhas."

Mickorod Renard: we need to build an enlightenment thermometer

Zen Arado: from Dogen's Genjokoan

Dao Yheng: Hee hee!

Wol Euler: :)

Sunshine Vayandar: yes Mick ;) I thought of that too ;p

Eliza Madrigal: /me laughs at Mick

Zen Arado: maybe others notice though?

Dao Yheng: then we need to build an enlightenment thermometer reader...

Mickorod Renard: I only volunteer to put it under my armpit though

Eliza Madrigal: Thanks for that quote Zen... interesting

Zen Arado: has anyone met an enlightened person?

Ataraxia Azemus: hehe

Wol Euler: o.O

Gaya Ethaniel: Any suggestions for the coming week?

Calvino Rabeni: My group was talking about anger, and found it interesting

Eliza Madrigal: Mick? maybe you have a suggestion?

Ataraxia Azemus: I would hope that others would notice an enlightened person, but I'd also hope they wouldn't notice they're enlightened :)

Calvino Rabeni: Not sure if that would work here

Mickorod Renard: I recal doing anger with Stim

Zen Arado: or dealing with emotions?

Eliza Madrigal: anger... Hm... in what way Calvino?

Xeno Octavia: kill enlightened 'person' if meet on path

Mickorod Renard: the diference between anger and wrath

Eliza Madrigal: :) Xeno

Zen Arado: yes Xeno :)

Calvino Rabeni: Enlightenment is something to kill if you find it on the road

Ataraxia Azemus: Right, Xeno :)

Eliza Madrigal: emotions seems rich ground... but how to really work with that as homework?

Calvino Rabeni: Zero in on something

Zen Arado: how do we eachh deal with them?

Xeno Octavia: not enlighten ment --'person'

Calvino Rabeni: more specific the better

Mickorod Renard: I prefer not to think too hard,,and I am not really a budhist either

Calvino Rabeni: "Emotions" is pretty broad

Eliza Madrigal: hahah Mick

Zen Arado: ok

Calvino Rabeni: Bring "Mick Mind" not buddha mind

Mickorod Renard: :)

Dao Yheng: :)

Eliza Madrigal: what do you FEEL when you try to think, Mick?

Xeno Octavia: and emotions are block to feeling

Zen Arado: a specific emotion?

Eliza Madrigal: anger? frustration?

Zen Arado: jealousy?

Calvino Rabeni: anger is good because it has such a difficult status in spiritual communities

Dao Yheng: I think I would like to achieve Mick Mind

Mickorod Renard: lots of cloggs

Eliza Madrigal: :))

Gaya Ethaniel: :)

Ataraxia Azemus: Maybe anger could be tied to its opposites? Forgiveness, empathy, compassion...how they get tangled up with anger, close mindedness...

Calvino Rabeni: sounds good

Zen Arado: yes

Eliza Madrigal: that's interesting

Calvino Rabeni: always considering things in their living dynamic, Atari

Dao Yheng: oh, sounds good

Eliza Madrigal: dopplegangers

Gaya Ethaniel: ok anger then :) Thank you all :)

Zen Arado: :)

Ataraxia Azemus: A healthy attitude, Cal :)

Xeno Octavia: how do emotions fit on the mandala of existence

Mickorod Renard: grrrrr,,ok

Dao Yheng: oh, he's already started :)

Eliza Madrigal: hehe

Mickorod Renard: thankyou Gaya

Sunshine Vayandar: ty all - it was great ;)

Ataraxia Azemus: Emotions are the brushes and palettes we use to color our experiences

Gaya Ethaniel: :)

Wol Euler: ooh, nice.

Wol Euler: well said

Calvino Rabeni: The artful painter

Ataraxia Azemus: Most of us just fingerpaint though :)

Sunshine Vayandar: ;)  
 Mickorod Renard: yes very nice  
 Zen Arado: nice phrase  
 Xeno Octavia: yes but are they real or avoidance : ))  
 Eliza Madrigal: Thanks everyone! Really nice.....  
 Gaya Ethaniel: Better than Pollock approach to emotion paintings :P  
 Calvin Rabeni: Yes  
 Calvin Rabeni: they are  
 Ataraxia Azemus: lol Gaya  
 Eliza Madrigal: hah Gaya  
 Gaya Ethaniel: See you next week!  
 Zen Arado: bye Gaya  
 Ataraxia Azemus: Take care!  
 Mickorod Renard: see u soon \gaya  
 Wol Euler: bye gaya

 Eliza Madrigal: Bye for now everyone, much appreciated, and yes agree Dao  
 Wol Euler: bye dao

 Mickorod Renard: bye eliza  
 Sunshine Vayandar: byebye all take caree  
 Wol Euler: bye ari :)  
 Eliza Madrigal: Bye Mitsu...hope you rezz eventually.... hehe  
 Zen Arado: thanks to all for attempting such a difficult subject  
 Mickorod Renard: bye everyone leaving  
 Eliza Madrigal: Thank you Zen, yes tricky but fun!  
 Mickorod Renard: and bye everyone staying  
 Eliza Madrigal: haha  
 Wol Euler: mitsu, you can sometimes force yourself to rez by switching gender  
 Eliza Madrigal: Mick is our new guru  
 Mickorod Renard: erkkk  
 Zen Arado: Mick mind  
 Eliza Madrigal: :))  
 Zen Arado: is it attainable?  
 Eliza Madrigal: too bad we don't title these logs  
 Xeno Octavia: so yes been kool is bye time : ))  
 Wol Euler: bye for now  
 Eliza Madrigal: Bye :))
